## **Certified Horsemanship Association Publishes Horsemanship Manual in Spanish**

(December 2014) – The Certified Horsemanship Association has published its Level One Manual of Horsemanship into Spanish. This 48-page book contains illustrations by Susan Harris and detailed information on horsemanship safety, parts of the English and Western tack, how to walk and trot/jog and do arena patterns, exercises on horseback and much more. There is a written exam and also arena riding patterns to test your skills and knowledge.

“This is a great manual for riding instructors to give to their students, colleges and universities with equine programs to use, and also a good self-guide for those just getting started with horses,” says Christy Landwehr Chief Executive Officer of CHA. “We received a grant to translate it into Spanish, as many of our active states have a large Latino population that was asking for this information, as well as for the CHA certification clinics we are conducting now in Mexico.”

This manual is available for \$24.95 to non-members and only \$12.95 for CHA members. Visit [http://cha-ahse.org/store/categories/Books%2C\\_Videos\\_and\\_Posters/Books/](http://cha-ahse.org/store/categories/Books%2C_Videos_and_Posters/Books/) to order yours today. CHA will be producing all four of its horsemanship level manuals into Spanish in upcoming years including information on breeds, disciplines, conformation, jumping, lead changes, lateral work, trail patterns, etc. All of these levels are available in English as well.

CHA Changes Lives Through Safe Experiences with Horses. CHA promotes excellence in safety and education for the benefit of the equine industry by certifying instructors and trail guides, accrediting equestrian facilities, publishing educational manuals, producing educational horsemanship DVDs and hosting regional and international conferences.
